ABOUT IIM BODH  
GAYA

The Indian Institutes of Management have been the archetype of management schooling in India since their foundation after our independence in 1947. IIMs are perceived as the most prestigious and elite B-schools in India which lay emphasis on practical experience and critical thinking instead of rote learning and conventional academic schedule. Building on the grand heritage of the IIM brand, IIM Bodh Gaya fosters a culture and curriculum whose sole purpose is to create socially responsible managers and emotionally mature leaders. A dynamic curriculum in consonance with academics and industry experts provides the students with the opportunities to master new skills and explore diverse perspectives.

LOCATION

Historically, the eastern part of India has been an eminent seat of learning with ancient universities of Nalanda and Vikramshila where learners from all over the world congregated for pursuit of knowledge. Having been recognized as a key Buddhist destination, Bodh Gaya attracts millions of tourists every year. Bodh Gaya is home to Mahabodhi Temple, a UNESCO World Heritage Site and several other notable temples and monasteries. Nestled in Bodh Gaya is the iconic 80 ft. statue of Buddha and Indosan Nippon temple that was constructed in 1972 and has a gallery of Japanese art.
